Third Lake Residents

RE: Mainsail Drainage Improvements
Construction Schedule
IMEG #19000839.02

Dear Residents:

The Mainsail Drainage Improvements are an essential project to alleviate flooding and as such the Contractor is planning on starting next week (weather permitting). During the daytime, portions of Windjammer Ln, from Mainsail Dr to Crows Nest Ct may be closed off but will be opened at the end of the day. Access to Coral Reef Ct will be maintained from either the east or west depending on the location of the work.

If you have any questions, please call my mobile number below.

Sincerely,

A handwritten signature in blue ink, appearing to read "Harlan M. Doland", with a large, sweeping flourish extending to the right.
