My name is Kelly Novak and I am a new Administrative Assistant at the Village Hall. My husband Brett and I have owned a home in Third Lake for the last nine years. I love living in Third Lake for all that it has to offer. I love to spend time on the lake boating and kayaking, to run in the Savanna and to be a part of the Sunshine Subdivision community. Brett and I have four children. We have sons that live in Madison, San Diego and Denver. Our daughter still lives with us in the summer and goes to school at the University of Notre Dame. One of my favorite fall past times is watching college football, Go Irish! I also love to travel, mainly to visit my kids.

In my professional life, I have worked in commercial construction management where I was in charge of new construction and large capital improvements of office buildings for Dean Witter and Discover Card. After several years off to raise my family, I ran my own fundraising business where I managed fundraising projects for non-for-profit organizations. I closed my business during the Covid shutdowns and was looking for something to move onto. I started working at the Village Hall in July of 2022. I enjoy working with the staff at the Village Hall where I am still learning new tasks daily. I look forward to meeting more of my neighbors so stop by the Village Hall on Tuesdays or Thursdays to say hi.

Kelly

THIRD LAKE BUSINESS SPOTLIGHT

Camelot Care Centers

We've been providing foster services to children and families since 1972 and have 5 additional locations in IL. Camelot Care Centers strives to serve youth in foster care in hopes of reunification back to family or to find them their "forever homes" through guardianship or facilitating adoption. Our comprehensive service line includes case management, foster parent support and training, in home counseling, therapeutic mentoring and access to tele psychiatry to help create healthy environments of care. All services provided are designed to maintain children at the least restrictive, yet most appropriate level of care and to support youth in care of Department of Children and Family Services (DCFS) in foster homes. Camelot specializes in higher level foster care for children and adolescents that may need extra support. For that reason, we partner with our foster parents to provide trauma informed care and additional services, including in-home counseling, tele-psychiatry and therapeutic mentoring. Camelot's counseling program utilizes evidence-based practices focused on trauma as well as other treatment approaches to create solutions and to enhance recovery. Learn how you could become a Foster Parent by calling 847-993-9894
