Lemon Tree Counseling Services is owned by Kristin Hunt, LCSW, MSW, MAT who has been a resident of Third Lake since 2014. With nearly 10 years of experience in social work/therapy and several years teaching prior to that, Kristin is dedicated to providing quality mental health services to people of all ages (yes, even under 12!). There are many ways to assist people in dealing with life's challenges and Lemon Tree is set up with quite a variety. Whether you would like to tell your story via conversation, art or in the sand tray, we can help you find a way to express and process what you are feeling. Kristin is trained in Eye Movement Desensitization and Reprocessing (EMDR) trauma therapy - for adults and children who suffer from post traumatic stress syndrome - or any similar symptoms. Kristin is knowledgeable about using play therapy, crafts and sand trays to help children process their emotions and trauma as well. Kristin is also a Prepare and Enrich Couple's Therapy provider (whether married or not) and this program is effective no matter what stage of your relationship you are experiencing. Finally, Kristin is also a trained Family Systems Trauma therapist and is currently working on certification in this program, which can aid families dealing with communication, mental health issues and a variety of family challenges. Struggling with a life challenge? Kristin would love to help you.
